

We hope you and your family are all safe and well. As our top priority has always been the welfare of our staff, students, and families, we have decided to close the building of Family Music Center until it is deemed safe to re-open. We have worked diligently during the past five months to set up our lessons virtually, and, we can say without hesitation, this has been a GREAT SUCCESS!

Thanks to the diligence, dedication and creativity of our fabulous instructors, Family Music Center has continued its mission of raising great musicians, even in a pandemic! We have had to make many adjustments: setting up at-home teaching studios, working with students and parents to get the best platform for each lesson and even recording our annual concerts for a virtual presentation this fall. We can now teach via Zoom, Google Hangouts, Google Meets, Facebook, Facetime and sometimes just on good old speaker phone! But, it works!

Attendance and practice have never been better! We can now see our students even if they have to go stay at Grandma's for awhile, and some families have even taken us on vacation. We have started new students in other states. Best of all, we now have a solution for lessons on SNOW DAYS!

During all this, we are celebrating 35 years of teaching music! Our celebrations are virtual for now, but we will be playing together again! In the meantime, we are so grateful to everyone who is working hard to make this work, to our parents and students who are being so cooperative and to our great team of teachers! It just goes to prove that if we all work together, we can keep the music playing!!!

STAY SAFE EVERYONE! WEAR A MASK! BE KIND!
